Hi Yvonne,

Good to hear from you. Yes, ODFW has been coordinating with the Corps and will be submitting comments. Lindsay Adrean, ODFW Strategy Species Coordinator, is the lead for ODFW. If you have specific questions, she can provide more detail.

Thanks!

Joy

Subject: Double-crested cormorant EIS

Joy: Are you aware of any concerns by ODFW about the Portland District's plans to eliminate nearly 15,000 double crested cormorants from East Sand Island? Their Draft EIS is out for review/comment and EPA is wanting to touch base w/ different interest groups to see if are any outstanding issues/concerns that we should reinforce in our comments to the Corp.
